Welcome To Our Practice:

We are pleased that you chose us for your obstetrics and gynecology care. We aim to deliver you the highest quality of care. Although this practice was established in 2002, we have many years of experience in this field of medicine.

We offer comprehensive obstetric and gynecologic care, including: Routine Exams, Laparoscopic Surgeries, Minor Office Procedures, 3-D Fetal Ultrasound, Non-Stress Tests for High Risk Pregnancies, and Preventive Medicine.

We value our patients' time, that's why we ask that you arrive at least 15 minutes before your scheduled appointment. This allows us time to process your insurance information before your appointment, so that you can be seen by the doctor in a timely fashion.

If you need to reschedule or are unable to keep your appointment, a 24-hour notice is expected.

We accept Cash, Check, VISA, and Master Card for payment of co-pays and services.

Sincerely,

Downriver Obstetrics and Gynecology
